88 Rodney Street, or elsewhere?  
What's the difference?

Naturally, we would be pleased to have an opportunity to show you around the House, and to tell you more about our facilities and services. But perhaps it's what others say about us that really counts. Here are just a few unsolicited comments taken from practitioners' letters to us:

"Thank you again and again for your courtesy to patients, your efficiency, your kindness over my administrative errors, and the elegance, safety and security of the environment you have created. I am very grateful for the 'looking after' you have given me and will continue to recommend No.10 to any interested colleagues."

Ms V.S., Consultant Research Psychotherapist

"I would like to compliment you on the way No.10 is run. All my patients have spoken very positively about contacts, without exception. Tracey [Medico-Legal Services] is wonderful and patients have been particularly complimentary about how sensitively she responds to their enquiries."

Dr S.C., General Practitioner

"Thank you for a great party – the best ever! I say that because I knew more people, which makes it more fun, but it also helps us to make a wide range of professional contacts. You really run a great show."

Mr T.B., Psychotherapist

"The Harley Street address was an important factor in my choice for a medico-legal practice and, from an economic point of view, sessional letting is excellent. What I had not anticipated was the quality of the staff. I know that when my patients make contact with No.10 they are going to be treated well."

Mr J.W., Consultant Orthopaedic Surgeon

We found that, amongst the selection of consulting rooms around Harley Street, No.10 is clearly an outstanding option and we are delighted with our choice. Our patients need not only calm and comfortable facilities, but also sensitive management. They often comment on the kind, thoughtful attention of the staff, and that makes a real difference to the success of our practice.
